

Call to Enforce

A Petition to Senator Mitch McConnell

I hereby Petition the United States Senate to take immediate action to enforce the Neutrality Treaty and return the Panama Canal to American control. Allowing the Red Chinese -- our sworn enemy -- to control the most strategic waterway in the world, is a direct threat to America and to our National Security. Senator McConnell, I appeal to you as Senate Minority Leader, to secure our National Security by urging the Senate to enforce the Neutrality of our Panama Canal.
